

MERIT'S SUMMER ENRICHMENT PROGRAM

FACULTY AND DIRECTOR

The excellent tutors at Merit Educational Consultants are selected based on two criteria: (1) their academic background in the subject areas

they teach, and (2) their ability to inspire, challenge, and guide students to reach academic excellence. Our tutors actively participate in course development and are experts in their respective fields. The tutors work with the director to ensure students make progress and achieve success when they return to school in the fall.

Merit Educational Consultants' college advisor, Susan Tatsui-D'Arcy, M.A., is also the director and founder. Since 1979, she has founded and directed Professional Tutoring Programs, R.E.C. Day Camp and Ski Club, the Enrichment Program, Merit Academy, and Merit Professional Organizers. She is a published author and currently is writing educational, time-management, and parenting books. Susan Tatsui-D'Arcy's latest books *Beat the College Admissions Game: Do a Project!*, *The 21st Century Mother's Guide to Managing Time and Taking Control of Your Life*, and *The Working Mother's Guide to Free Child Care in Your Home* are available online at www.meritworld.com.
