

STOP USING ANTIBACTERIAL SOAP NOW!

Press Release

What: Giant soap dispenser educates Santa Cruz County!

Where: In front of O'Neill's Surf Shop on the Pacific Garden Mall

When: Sunday, September 21, 2008
2:30 pm

Who: Natalie Kassel and W.A.S.H.U.P.

Why: To get Santa Cruz County to support W.A.S.H.U.P. in boycotting all triclosan products.

REGULAR SOAP = ANTIBACTERIAL SOAP

Experiment proved that regular soap is just as effective as antibacterial soap.

Antibacterial soap (triclosan) causes environmental and health problems:

- 1) Deteriorates skin
- 2) Produces Antibiotic Resistant Bacteria
- 3) Contaminates Marine Life

**BOYCOTT all triclosan products.
Stop using antibacterial soap now!**

Triclosan is found in:

- * Hand Soap
- * Dish-washing Products
- * Laundry Detergents/Softeners
- * Toothpaste
- * Deodorants & Antiperspirants
- * Cosmetics & Hair Products
